“Don’t walk in front of me, I may not follow —  
Don’t walk behind me, I may not lead —  
Just walk beside me and be my friend.”

— Anonymous

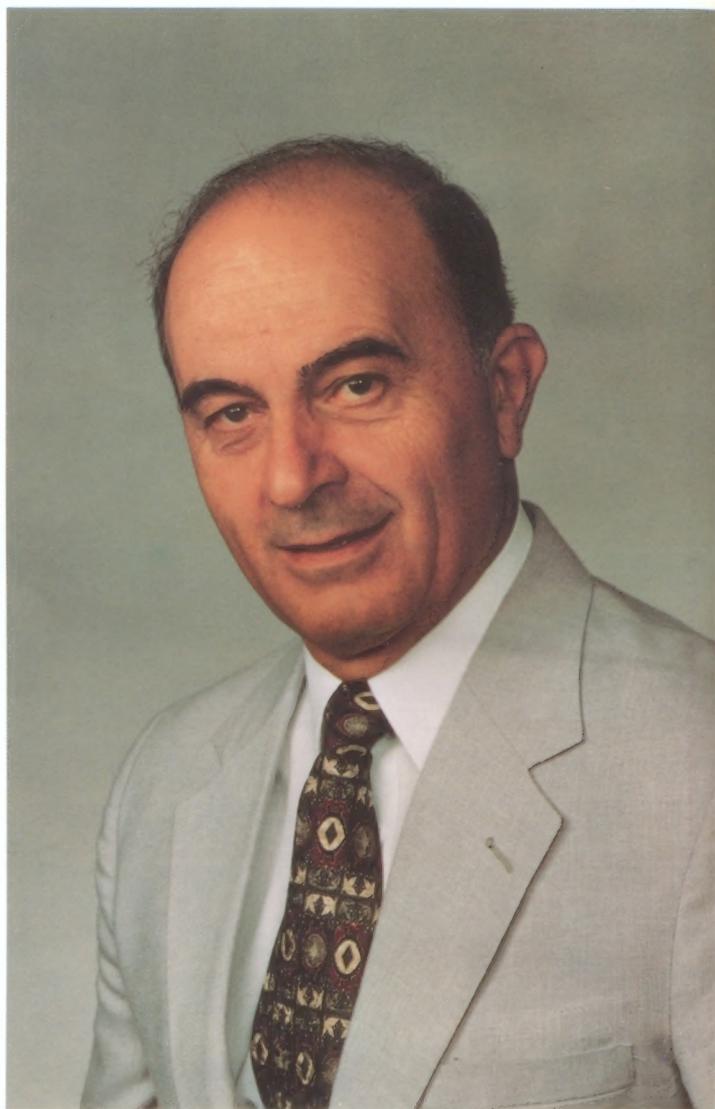

1997 Herald — “At the Crossroads”  
Windsor Locks High School  
Windsor Locks, CT

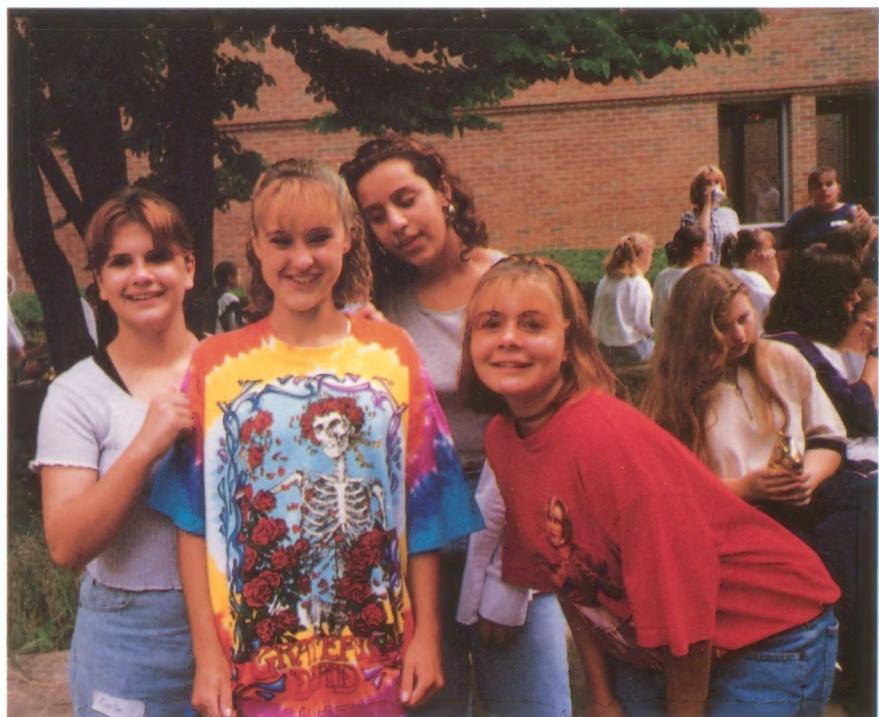

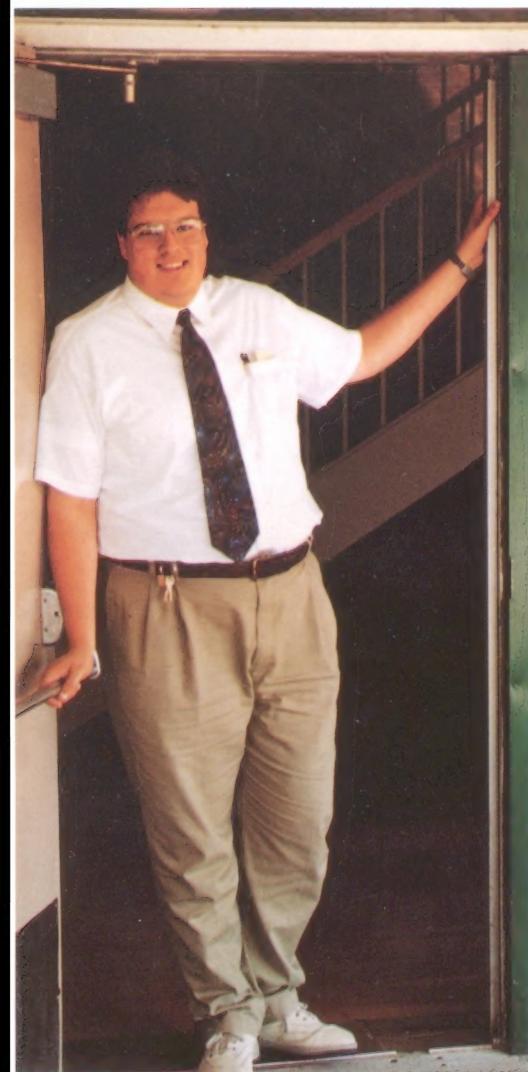

Retirement has removed him from this building but not from our hearts. He is not here to look over our shoulders, to listen to our troubles, or to guide us along the paths we choose. As we walk through the halls that he once traveled with us, we remember all that he has done to help us on our voyage.

With admiration, we, the Class of 1997, dedicate this year's *Herald* to Mr. George Anastasia — "Mr. A".

## Dedication

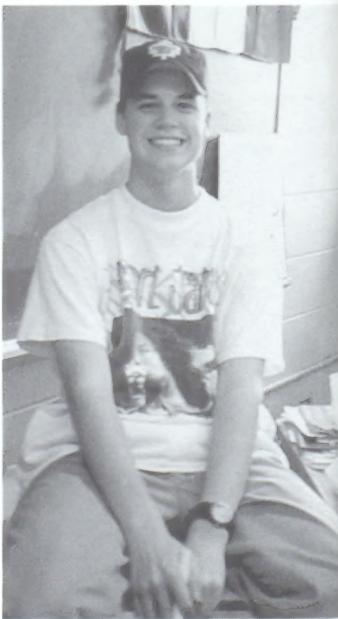

"Had it not been for you, I should have remained what I was when we first met, a prejudiced, narrow-minded being, with contracted sympathies and false knowledge, wasting my life on obsolete trifles, and utterly insensible to the privilege of living in this wondrous age of change and progress." — Benjamin Disraeli

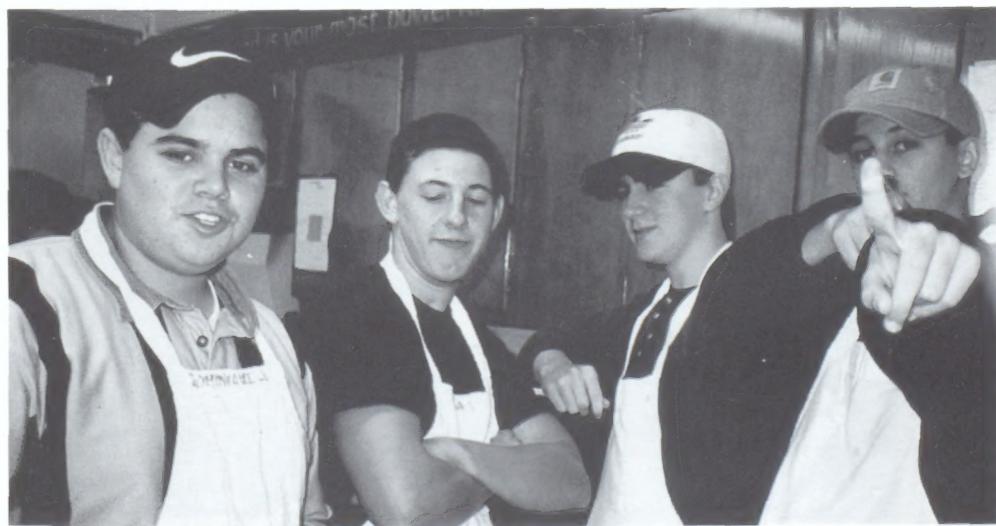

“Two roads diverged in a wood,  
and I —  
I took the one less traveled by,  
And that has made all the difference.”

Robert Frost

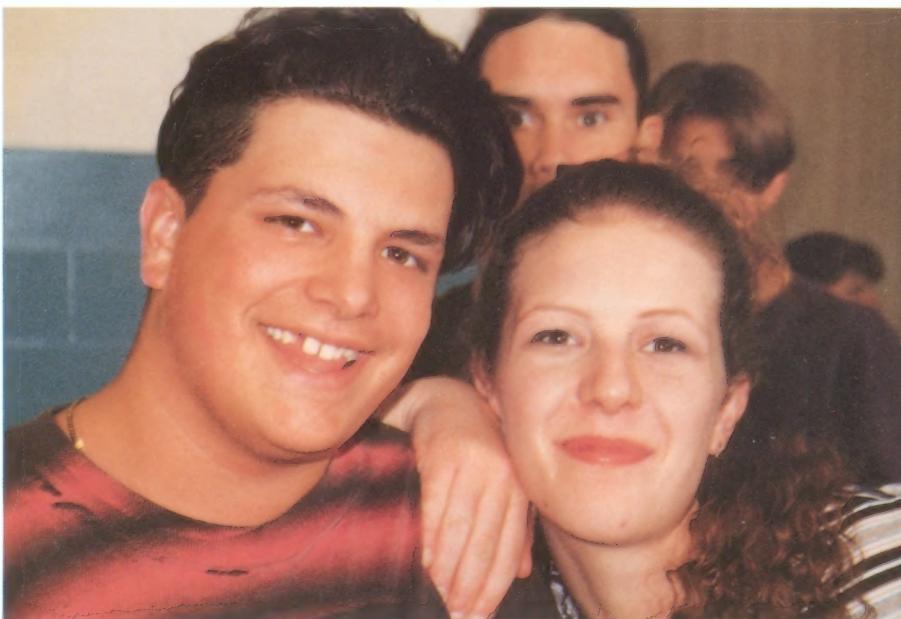

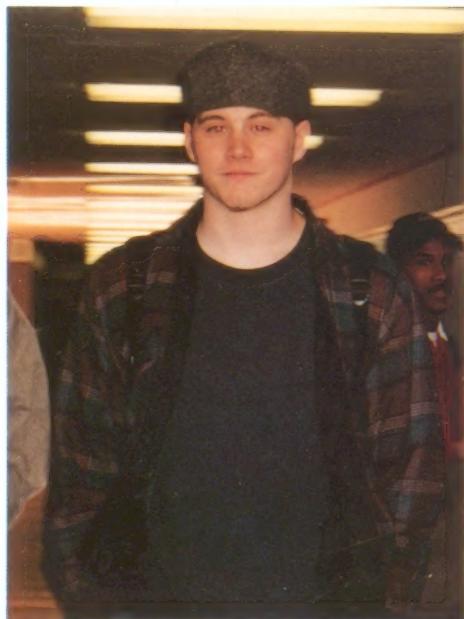

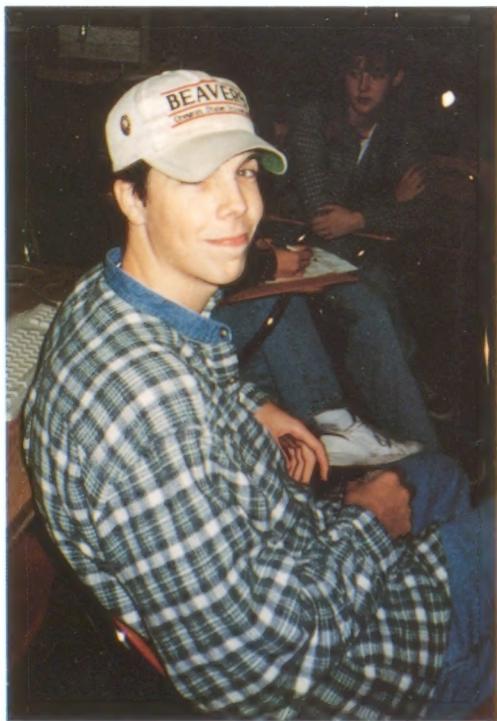

Through the years, change has interrupted the roads we have followed. This year construction has uprooted our familiar ground. New trails branch off where new faculty tread and fresh paths are formed where incoming students begin their journey. While it seems the seniors' paths have come to an end, new mountains and valleys lay ahead and old trails begin to fade where past students once walked. The roads have split and all around us the crossroads lie.

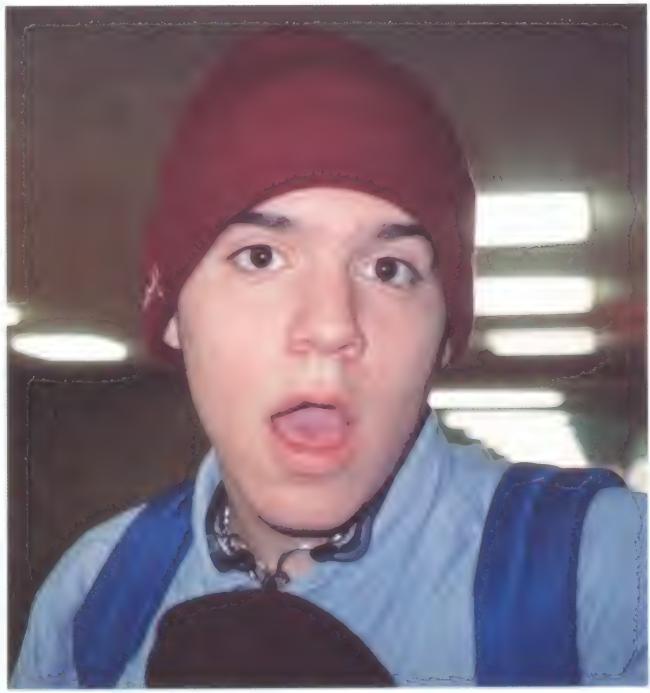

“But man must light for man  
The fires no other can,  
And find in his own eye  
Where the strange crossroads  
lie.”

Communion (1950)  
David McCord

"I hope today will bring a lot of highways,  
because friends are found on every road."

-Marta Santiago

# SENIORS

“Now hollow fires burn out to  
black,  
And lights are guttering low;  
Square your shoulders, lift your  
pack,”  
And leave your friends and go.”

— Alfred Edward Housman

*An  
Enchanted  
Fairytale*

For the first few months, when Mrs. Muska took maternity leave, the Prom Committee was left alone to work towards our destination. We were scared and unsure, but we continued walking. When she rejoined us, the road became smoother and the destination clearer. Though we encountered bumps along the way, "An Enchanted Fairytale" evolved from our perseverance and hard work.

On April 27, 1996, the Class of 1997 crossed into a world of medieval fairytale and enchantment. Our gym had been transformed into a scene from medieval days. A time-bridge had been gapped; we were experiencing something out of the history books. Lights twinkled, the stained glass shone, and the fountain splashed. We danced, laughed, and savored this brief moment on our journey.

"And to all  
those voices  
of wisdom  
that have  
whispered to me  
along the way."  
-Dhyani Ywahoo

Everyone associated with Windsor Locks High School is at a crossroad. Old friends retire as new friends arrive, technological changes transform our tired old building, the reins of administration pass to new and innovative hands, and a block schedule replaces our familiar seven period day.

The staff at Windsor Locks High School, empowered to choose the path they deem most essential to educating and inspiring life-long learners, are zealous in their efforts to identify the essential ingredients necessary to achieve these goals.

As we forge ahead, we remember, "you cannot teach a (person) anything; you can only help (them) find it within (themselves)" — Galileo

"Teachers often affect our lives more than they realize. From high school days to the present, I have had teachers to whom I will remain forever indebted, not merely because of what they taught me, but because they provided the invaluable examples of dedication, kindness, and generosity of spirit that have given me an unshakable faith in the basic goodness of the human species." — Koontz

## *“Do you want fries with that?”*

To my sister,  
in which I will love  
with all my heart.  
Best friends forever  
and will never grow apart.  
When I needed you,  
you were always there  
To always show me  
you'd really care.  
As things got rough,  
We stood together  
and we stood tough.  
In our time of sorrow  
We got through it all  
and showed each other  
there will always be tomorrow.  
Even though you'll eventually  
have to go away,  
In my heart is where  
you'll always stay.

With lots of  
madd exotic

### *Some Friends Are Forever*

Sometimes in life,  
you find a special friend:  
someone who changes your life  
by being a part of it.  
Someone who makes you laugh  
until you can't stop  
and makes that dark and empty world  
suddenly seem bright and full.  
Your forever friend gets you through  
the hard times, the sad times,  
and the confused times.  
Your forever friend tells you that  
everything is going to be okay.  
And if you find such a friend,  
you feel happy and complete,  
because you need not worry.  
You have a forever friend for life,  
and forever has no end.

This is forever friendship...

I couldn't have asked for a better  
friend forever than you. I'll never forget you.  
Your Pal,  
Andrew

things like the love we have for you, the memories we hold, and the strengths in you that we have always seen.

No matter what life brings you, we hope that somehow you know how glad we are to have you as our son and brother.

## Allyson Kate

Before she could even open a door,  
We had a "Tuffy 2 by 4".

She could climb with the best and  
left nothing to rest - with a spirit so  
bright it would soar.

With two older brothers and a  
mother that smothers . . . life could seem  
pretty dark,  
But grow, did she ever, into one we all treasure  
with a smile to warm up your heart.

She can dance, she can sing, and baseball's the best!  
but if you want to talk in the morning - give it a rest.

So Ally, no matter wherever we be,  
your father, your brothers, and Bear and me,  
We'll love you forever and please keep in touch  
for no one was ever loved so much!

Life can be beautiful!  
Love, Mom

WAIT   FOR   ME !

*Third born...gentle spirit...loving heart...  
always two steps behind her sisters, saying  
"Wait for me!"*

*She would watch from the sidelines  
while her sisters took center stage.*

*Should she try?...  
"Wait for me!"*

*As she grew, she would be taught  
the virtue of finishing what she begins,  
and every detail of what it takes to succeed in this world.  
Yet her heart beat to a different drummer...crying  
"Wait for me!"*

*She, so filled with the light of love,  
unselfishly giving of herself to whomever God put in her path,  
would cry secretly as each went on his or her own way...  
leaving her alone, her heart crying  
"Wait for me!"*

*The loving and hurting were always followed by forgiveness,  
for hurting did not stop her.*

*She accepted each one back into her circle of love  
without question or reservation. Her parents would say  
"...protect your heart and choose your friends wisely..."*

*She would exclaim  
"...but I love them, and they will  
"Wait for me!"*

*Oh Joelle, how could we know that it would take 17 years  
for the lesson to be learned... for the meaning to sink in?*

*As we taught you how to succeed in this world,  
you were teaching us*

*what is most important to succeed in the next:  
"...if we speak with all the eloquence of men,  
but have not love, we are nothing at all."*

(Corinthians)

*Thank you for not giving up on us...  
our hearts gratefully praying  
"Wait for me!"*

*We are very proud of the wonderful person you have become!  
Never lose your warm and generous spirit;  
~ always remember ~  
we are here for you, no matter what!*

*Always with our love,  
Mom & Dad,

# Your Basic luxury car.

More room. More refined. More luxury.

Sounds pretty basic for a luxury car. Only this car has the luxury of being a Honda.

The new Civic Sedan rides and handles like something else. A new Civic. Credit goes to the 4-wheel double wishbone suspension and stiffer body construction. There is also a lavish use of soundproofing material. It's so quiet that at fifty-five miles per hour, you won't hear the clock ticking.

After all, it's electric.

Standard items include dual airbags and an AM/FM Hi-Power stereo. Then there are the luxurious optional features.

There are three models of the Honda Civic Sedan to choose from: DX, LX, EX. Or basically: luxury, luxury, LUXURY.

## *Editors' Note*

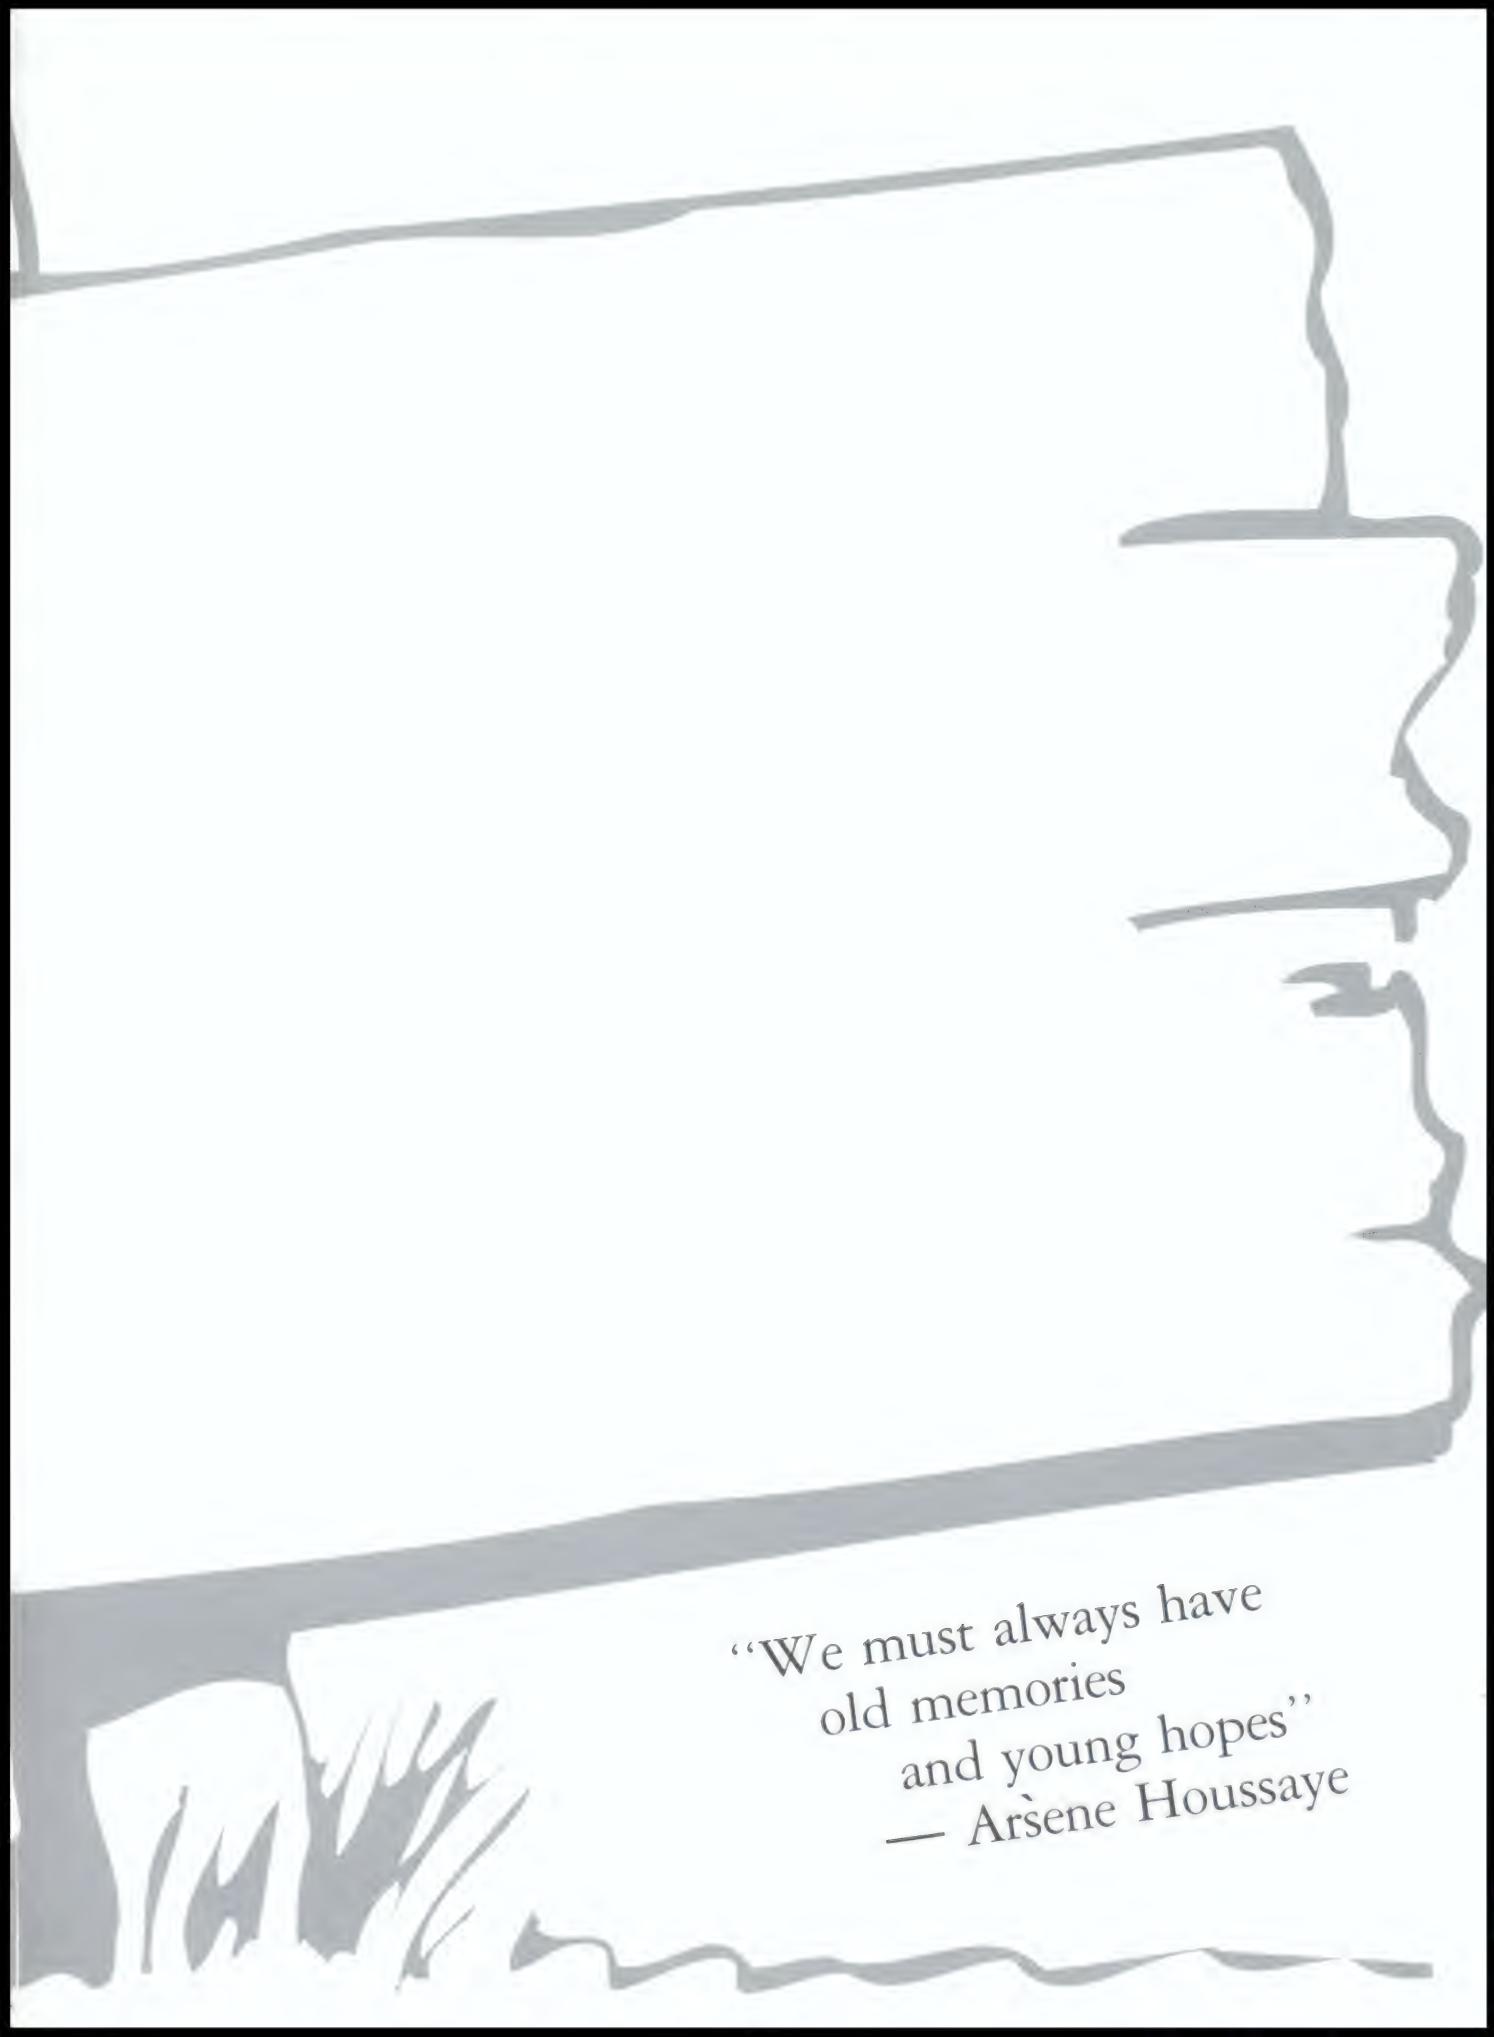

*When the school year began, change was prevalent in the building, faculty, administration, and ourselves. When we were selected editors, we didn't know which roads we would have to cross or what bumps we would encounter; our year has not been without struggles and conflicts. However, the smooth parts of the road kept us going. Chinese food, deep thoughts, late nights, and the '97 Herald made our trip worthwhile. Our bittersweet venture has given us memories of working hard on something that means so much to us. We hope The Crossroads mean something to you, too. We each have our own memories to take with us when we start on new paths. We only hope that in our efforts we have captured some of your favorite times along the journey.*

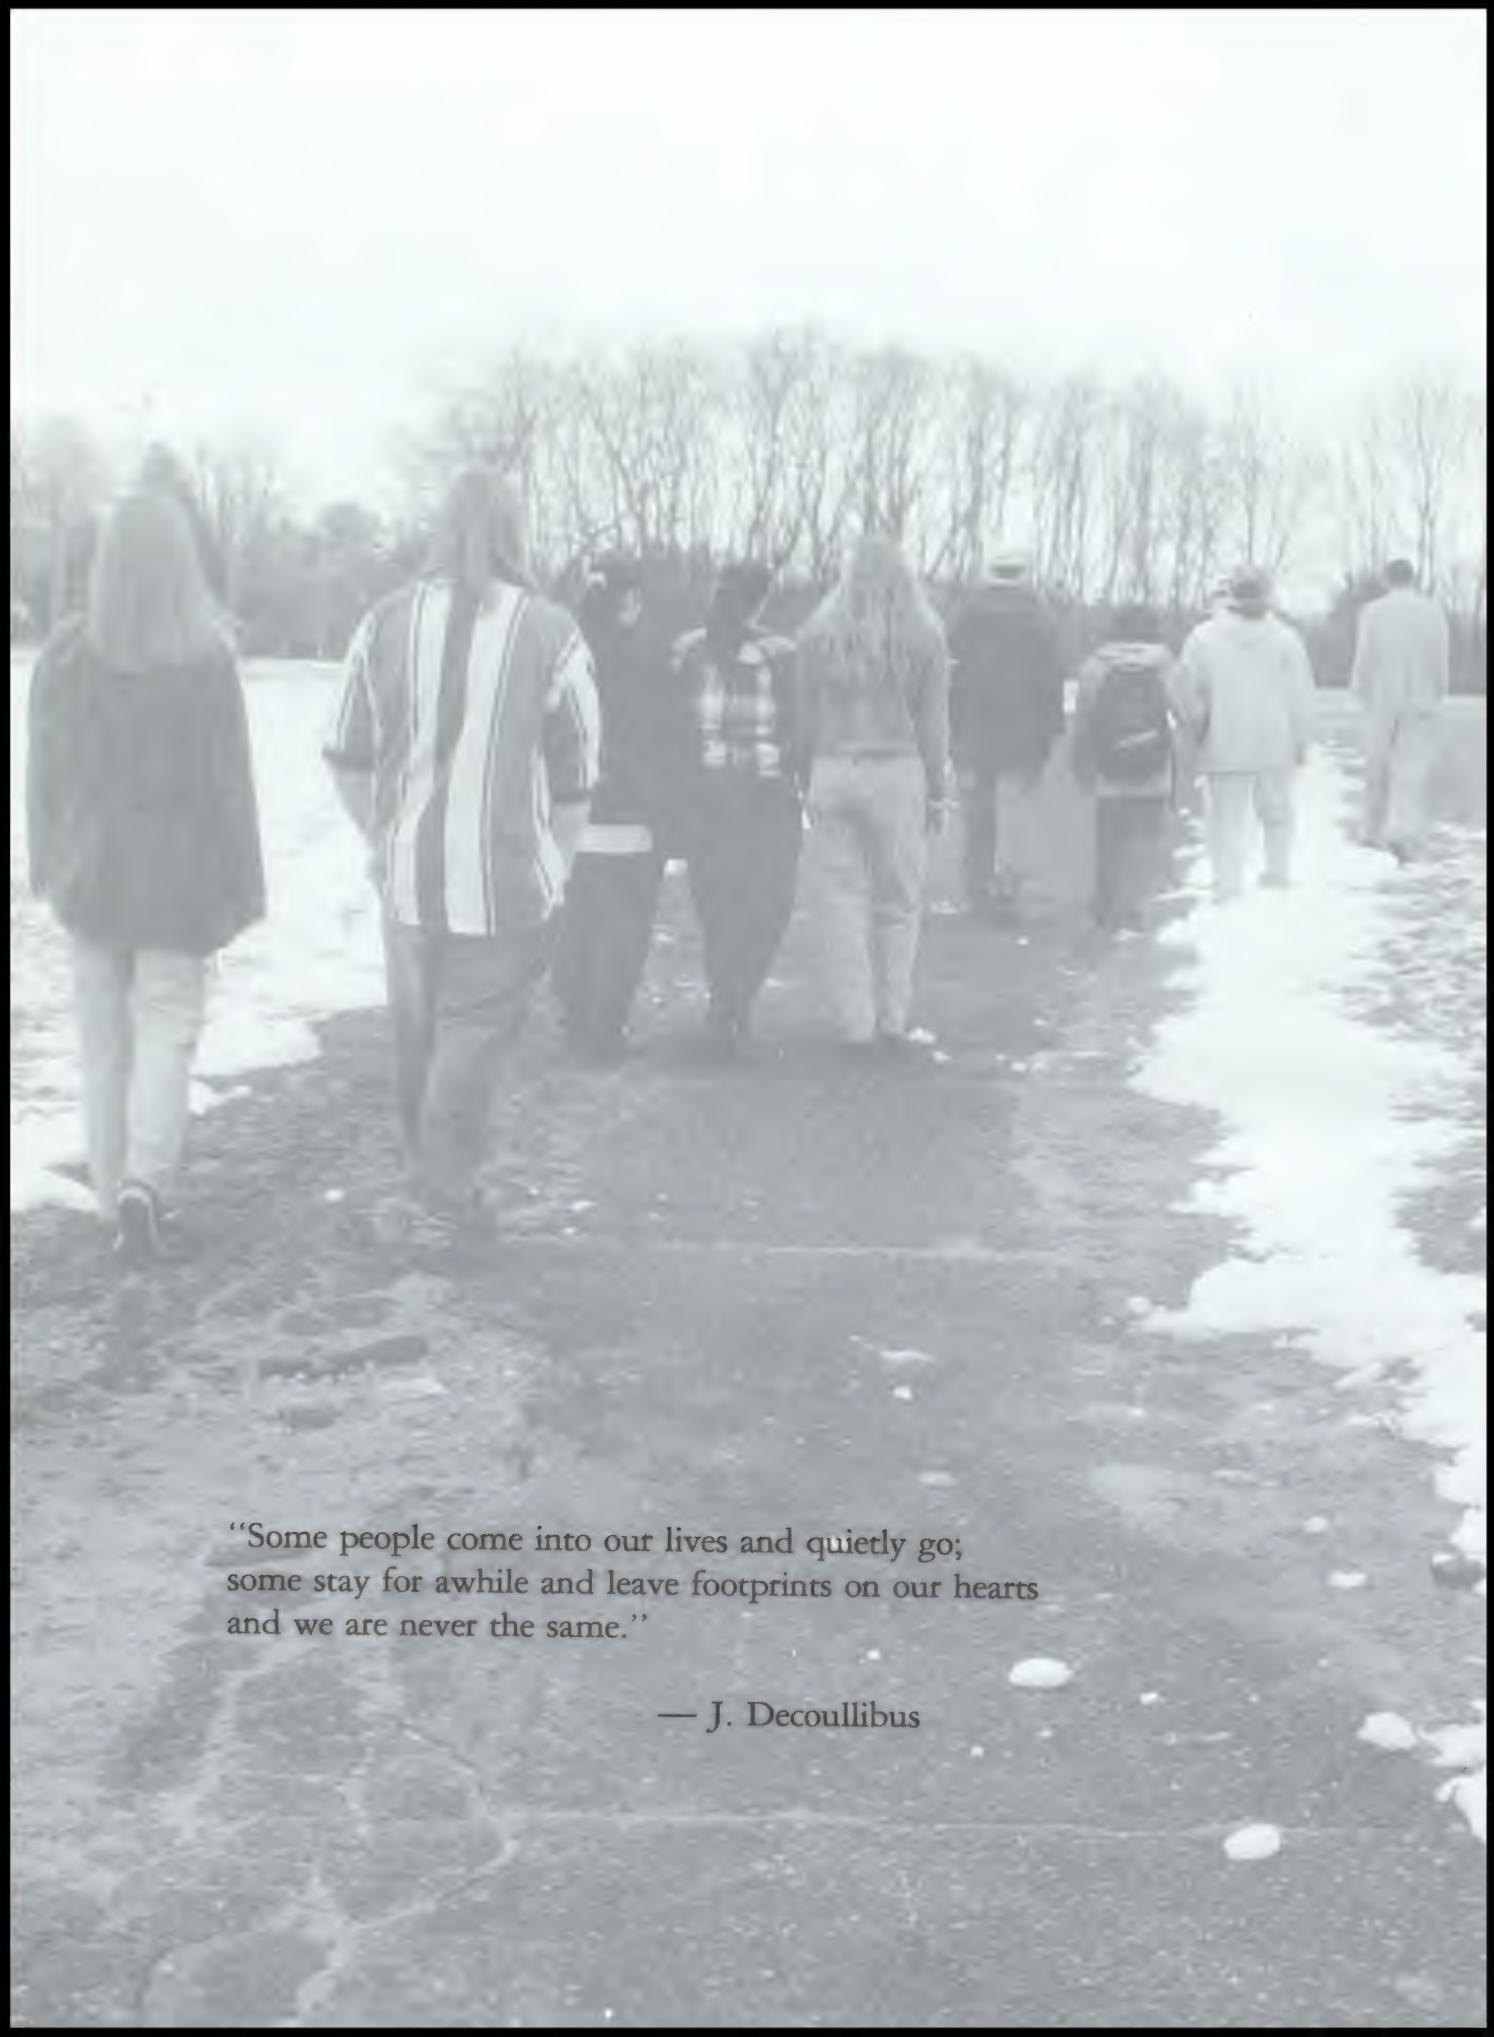

*Best wishes on whatever path you choose.*
